

OUR MISSION

At New Dawn Academy, our mission is simple: We provide access to high-quality S.T.E.M. education for diverse children. We accomplish this by providing a robust curriculum in a safe and supportive learning environment – giving our students the ability to gain the knowledge necessary to be successful in their high school years and beyond.

THEIR FUTURE STARTS TODAY.

New Dawn Academy's curriculum is structured and aligned with the Michigan Academic Standards to ensure high-quality education for all attending students.

SCIENCE

Blended cross-curricular and hands-on approach to teaching and learning the sciences.

TECHNOLOGY

Age-appropriate and effective use of relevant technology for meaningful activities in and out of the classroom.

ENGINEERING

Problem-solving and critical-thinking skills embedded in engineering-based projects.

MATH

Key mathematical practices to help students integrate real-world problem-solving skills.
